## Mission Opportunities

The waters have receded in our community following TS Debby, which have allowed teams to inspect the homes and begin providing repairs to those affected. Agencies are on the ground and working diligently on debris clean-up, cleaning out homes, and providing repairs; they are ready for your support to help as many people as possible and bring more families home safely, sooner.

United Way's mission is to improve lives by mobilizing the caring power of our community. Your time, effort, and energy is valuable and we are all grateful for any service hours you can complete.

If you are able to help, click on button below where volunteer opportunities are listed. All help is appreciated!
